

INFONOVA is an international information technology company and one of the biggest IT employers in Styria with 350 employees at the headquarters in Premstätten/Graz and Vienna.

We are specialized in providing technology and business-oriented solutions and services to telecommunications, media, utility and convergent industries.

We are always looking for the best people for our exciting national and international projects.

**Develop [yourself] with us!**

To strengthen our team in **Graz** and **Vienna** we offer:

## Internship Software Engineering (m/f)

### Your future areas of responsibility include:

- Implementation of software components based on Java Enterprise Edition
- Development of business components using Web services
- Integrating the software with different Database systems using O/R mapping

### Your qualifications/strengths:

- Willingness to learn and interest in using new technologies
- Basic knowledge in the development of JAVA / J2EE applications
- Basic knowledge in SQL
- Communication skills in German and English

### Our Offer:

We develop with "Scrum", an agile procedure model which demands teamwork and communication and therefore offers a pleasant working environment. You can expect versatile and interesting assignments with a high personal responsibility and very good educational opportunities. Good co-operation and social interaction are essential elements of our philosophy. Therefore, we offer our employees scope for development to integrate all personal strengths in an international field of activity.

Duration of the internship: minimum 3 months

Internships are also offered in the departments Operations and Support Services
