Our sign: 1142-3/2022  
Koper: 18 January 2022

Based on the 28th article of the statute of the University of Primorska (Ur. I. RS, no. 51/15 UP-UPB2 and changes), the rector of University of Primorska, prof. dr. Klavdija Kutnar, issues the following

## DECISION

### on SARS-CoV-2 testing requirements during the winter exam period

#### I.

During the winter exam period, from 24 January 2022 to 18 February 2022, all students test daily for the SARS-CoV-2 infection, regardless of their vaccination or recovery status.

The following tests are considered:

- PCR tests: 48 hours,
- Rapid antigen tests performed by authorized organisations: 24 hours, if time is not indicated, then on the day of visiting the university,
- Selftesting with rapid antigen tests, performed at university testing sites or at the learning bases (such as hospitals, clinics, health and social institutes, schools, ect.) – on the day of visiting the university.

Staff and visitors follow the vaccine/test/recovery system, however daily testing is recommended for them as well. The university will guarantee tests for this purpose. The staff can receive the tests at the testing site and perform tests at home, before their departure for work.

#### II.

This decision repeals decision 1142-2/2022 of 17 January 2022.

The decision shall enter into force immediately and shall remain in force for the winter exam period, from 24 January 2022 until 18 February 2022.

Prof. dr. Klavdija Kutnar  
Rector of the University of Primorska
