

## OPEN CALL UNDER ERASMUS+ (KA131 2023) FOR STUDENT MOBILITY AT BLENDED INTENSIVE PROGRAMS

### Possibilities of cofinancing the Erasmus+ KA131 BIP mobility

Students can receive funding for the duration of the physical part of the mobility. The Erasmus+ KA131 co-financing possibilities for participation at the Blended Intensive Program (BIP) mobility for the project year 2023 are as follows:

1 - Erasmus+ grants	The amount is set for a daily unit:		<p>If necessary, one day of travel before the mobility and one day of travel after it can be co-financed (using the respective daily amount).</p> <p>In the case of a green travel<sup>1</sup> to the mobility, in addition to the Erasmus+ grant, a single contribution of 50 € may be awarded. And, if necessary, an additional Erasmus+ grant may be awarded to cover the cost of the return trip for a maximum of four days of travel.</p>
	Duration of mobility	Amount per day in €	
	Till including the 14th day of physical mobility	79 €/ day	
	From 15th till 30th day of physical mobility	56 €/ day	
2 - Additional funding for			

<sup>1</sup> Green travel is defined as travel in which low-emission vehicles, such as a bus, train or car-sharing, are used for most of the journey.

<p><b>students with fewer opportunities</b></p>	<p>In addition to <u>basic Erasmus+ grants</u>, <u>students with fewer opportunities will be able to receive additional support for inclusion</u>. The conditions for entitlement to the inclusion allowance are:</p> <ul style="list-style-type: none"> <li>• that the student receives a state scholarship or</li> <li>• that the student is a member of a family where one of the children or parents has a CSD / ZZS / ZPIS/ ZRSŠ decision, or</li> <li>• that the student has the decision of ZRSŠ / CSD / ZZS (for companion, adjustment of lessons, disability, etc.) or</li> <li>• that the student comes from a single-parent or foster family</li> <li>• that the student has the status of a student with special needs</li> </ul> <p>The student has the possibility to select this option in the online application and add relevant supporting documents. In the case of foreign students, they must submit other relevant documents proving that they are a student with fewer opportunities.</p> <p>Students with fewer opportunities, in addition to basic Erasmus+ grants as stated in section 1 above, can receive <u>additional support for inclusion</u>:</p> <table border="1"> <thead> <tr> <th>Duration of physical mobility</th><th>Additional support for inclusion</th></tr> </thead> <tbody> <tr> <td>Physical mobility 5 – 14 days</td><td>100 €</td></tr> <tr> <td>Physical mobility 15 – 30 days</td><td>150 €</td></tr> </tbody> </table>	Duration of physical mobility	Additional support for inclusion	Physical mobility 5 – 14 days	100 €	Physical mobility 15 – 30 days	150 €
Duration of physical mobility	Additional support for inclusion						
Physical mobility 5 – 14 days	100 €						
Physical mobility 15 – 30 days	150 €						

As well, in addition to the Erasmus+ basic grants from point 1, they can receive support for travel costs in the following amount:

Distance	In case of regular travel	In case of green travel <sup>2</sup>
10 km - 99 km	23 € / participant	/
100 km - 499 km	180 € / participant	210 € / participant
500 km - 1999 km	275 € / participant	320 € / participant
2000 km - 2999 km	360 € / participant	410 € / participant
3000 km - 3999 km	530 € / participant	610 € / participant

<sup>2</sup> Green travel is defined as travel in which low-emission vehicles, such as a bus, train or car-sharing, are used for most of the journey.

	<b>4000 km - 7999 km</b>	<b>820 € / participant</b>	<b>/</b>
	<b>8000 km or more</b>	<b>1.500 € / participant</b>	<b>/</b>
	<p>The distance can be calculated using the EU distance calculator (<a href="#">Distance Calculator   Erasmus+ (europa.eu)</a>). The one-way distance should be used to calculate the amount of EU grants to cover the return route.</p> <p>Participants who are entitled to a support for travel costs may, in exceptional cases, receive support for extraordinary costs for expensive travel. Financial support for the high travel costs of participants may be granted if these costs are well justified. In order to obtain funding, the following conditions should be fulfilled:</p> <ul style="list-style-type: none"> <li>- the participant can apply for up to 80% of all eligible costs,</li> <li>- the normal funding rule (based on unit costs per distance range) does not cover at least 70% of participants' travel costs. If grants are awarded to cover extraordinary costs for expensive travel, they replace support for travel costs as stated above.</li> </ul>		
<b>3- Additional funding for students with special needs</b> <sup>3</sup>	Students with the status of a person with special needs will be able to apply for additional funding, which will be allocated according to the individually approved eligible actual costs, following UP's call for Erasmus + EU grants.		

<sup>3</sup> Persons with special needs include individuals who need to implement programs with additional professional assistance or with adjustments according to the nature of the specific special need. Students with special needs are: blind or partially sighted students or students with visual impairment, deaf and hard of hearing students, students with speech and language disorders, physically challenged students, long-term ill students, students with autistic disorders and students with emotional and behavioral disorders. (source: Article 69.a of the Higher Education Act)

The implementation of the Erasmus+ program at UP is linked to the project activities of various active projects, which, depending on the approved available funds, enable co-financing of students selected to participate in mobility within the Erasmus+ KA131 project. The University of Primorska, as the contractor of this Call, reserves the right to change or supplement the conditions of co-financing. In the event of changes, all selected candidates will be duly informed.

It is expected that, following the example of previous years, a new Call of the Public Scholarship, Development, Disability and Maintenance Fund of the Republic of Slovenia will also be published, which should enable the receipt of additional co-financing for the mobility of Erasmus+ students for the project year 2023. In the event that the University of Primorska receives approved funding, there is a possibility that students who meet the conditions specified by the relevant Call of the Public Scholarship, Development, Disability and Maintenance Fund of the Republic of Slovenia will be able to obtain additional funds in addition to Erasmus+ EU grants. For example, in the project year 2022 the amount was 46.70 €/month.

It is important to be aware that Erasmus+ co-finances the costs of studying abroad and does not cover the costs in full. The amount of the awarded funding will be defined in the Erasmus+ Grant Agreement, which will be signed by the student with UP after the submission of the application documentation.

A student receiving an Erasmus+ EU grant continues to be eligible for other regional, national or other grants not managed by a national agency but by another organization (eg ministry or regional authorities).

Erasmus+ mobility procedures are defined in more detail in the Guidelines of the University of Primorska on Erasmus+ mobility, which are published on: [http://www.upr.si/index.php?page=ac\\_content&item=90](http://www.upr.si/index.php?page=ac_content&item=90)
