2016 PhD Summer School in

Discrete Mathematics

Rogla, Slovenia

June 26 - July 2, 2016

http://www.famnit.upr.si/sl/konference/rogla2016

With Minicourses on

Regular Polytopes and Almost Simple Groups
Dimitri Leemans, University of Auckland, New Zealand

On the Structure of Vertex Stabilizers in Vertex Transitive Graphs
Pablo Spiga, University of Milano-Bicocca, Italy

Organized by

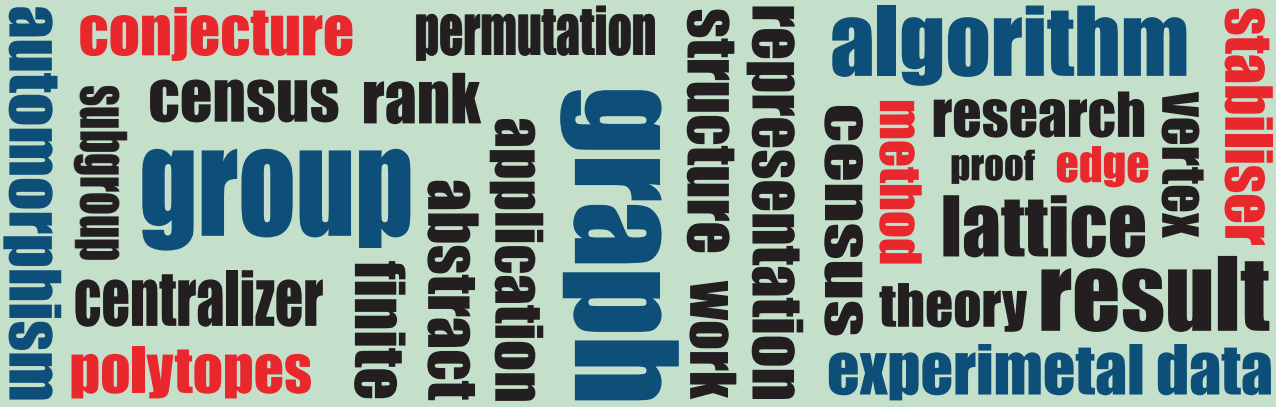
UP FAMNIT - University of Primorska, Faculty of Mathematics, Natural Sciences and Information Technologies and
UP IAM - University of Primorska, Andrej Marušič Institute

In collaboration with **CDM UL PeF** - University of Ljubljana, Faculty of Education, Centre for Discrete Mathematics.

Scientific Committee K. Kutnar, A. Malnič, D. Marušič, Š. Miklavič, P. Šparl

Organizing Committee B. Frelih, A. Hujdurović, R. Požar

For more information, visit our website or send email to **sygn@upr.si**.



Supported in part by MIZŠ RS (Slovenian Ministry of Education, Science and Sport), ARRS RS (Slovenian Research Agency), research program P1-0285, and research projects J1-7051, N1-0038, J7-6828, J1-6720 and J1-5433.
