

How do you plan to spend your summer?

Summer Students Experience

Take part! cern.ch/summies

What we offer:

This is more than summer work. It's the chance to get involved in the day-to-day work of our multicultural teams. Attend lectures, visit CERN facilities, take part in discussions and workshops with people who are leaders in their fields. In fact, it will be a summer like nowhere else on Earth! Duration of your stay: 8-13 weeks (dates of stay to be indicated on the application form).

A subsistence of 90 CHF/day (net of tax).

A travel allowance.

Membership of the Health Insurance scheme.

Assistance in finding accommodation on the CERN site or nearby.

Eligibility Conditions:

You are a national of a CERN Member or Associate Member State (home.cern/about/member-states).

Your Bachelor or Master degree focuses on one of the following disciplines: Civil Engineering; Controls and Data Acquisition; Electricity; Electromechanics; Electronics; Health, Safety & Environment; Information Technologies; Materials Science & Surface Engineering; Mechanics; Physics.

You are an undergraduate student and have completed, by the summer of attending, at least three years of full-time studies at university level or you are expecting to graduate in the summer of attending.

You have not worked at CERN before with any other status (Technical Student, Trainee, User...) for more than 3 months.

You have a good knowledge of English, knowledge of French would be an advantage.
